TRADE MAP

Trade Map provides – in the form of tables, graphs and maps – indicators on export performance, international demand, alternative markets, competing markets, as well as a directory of importing and exporting companies. Trade Map covers 220 countries and territories and 5,300 Harmonized System products.

Trade map further enhances fact-based trade decision making, policy formulation and facilitates market information research.

Concentration of exporting countries and average distance with their destination countries for the selected product in 2019
Product: TOTAL, All products

Country	Concentration of exporting countries	Average distance with destination countries (km)	Trade Balance
Nigeria	0.1	4000	Negative
