

# CARBON AND WATER MANAGEMENT IN HORTICULTURAL EXPORTS FROM EAST AFRICA

8th and 9th December 2011  
NAIVASHA

**Guy Stinglhamber – PIP-Coleacp Director**

## 1. Thanks for

- ✓ **the co organization (ITC-PIP-FPEAK)**
  - ✓ Start a long & strong collaboration
- ✓ **Participants**
- ✓ **ITC&PIP team and a special for Amanda, Maud & JEREMY**

## 2. COLEACP association ?

- **Producers/exporters/consultants ACP**
- **European importers**

**NEED MORE MEMBERS TO BE YOUR VOICE**

# Kenya as always been a pilot for COLEACP activities

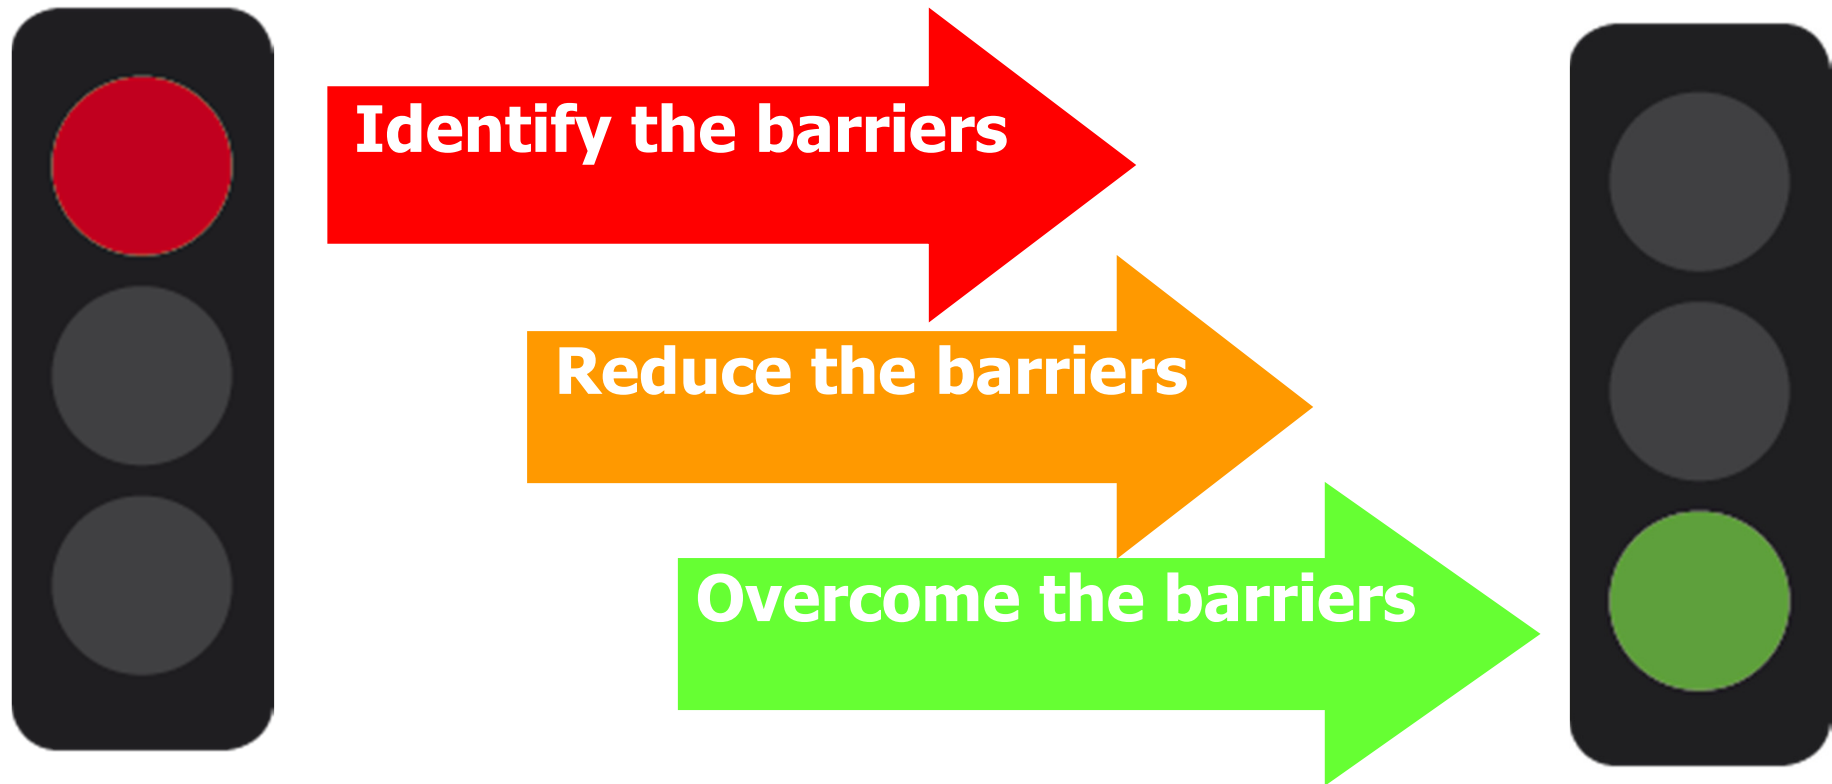

*And again, today we are paving  
the way for the ACP industry*

# How Coleacp can help?

**CARBON AND WATER  
MANAGEMENT**

# Using PIP approach

- How PIP can help during PIP2 (next 3years)?
- How we can set up a specific support Programme?

# collective Actions, developments / tools?

analysis

local regulation

Lobby standards setters :participative way

setting local standards adapted

# Specific support?

Companies direct support

In company CB

Services providers CB

smallholders support (tt, tools,...)

Carbon & Water Management  
changes must be driven by YOU  
for YOU!

**na wewe kwa ajili yako!**

Not as a new requirement of the  
European market

**kuwashukuru kwa kushiriki  
katika warsha hii.**

**Kenya itakuwa bingwa wa  
maendeleo**
